

## OUR STORY

### 1960s

**Jerry Maahs**, founder, seeking a way to keep fried chicken hot for delivery during Wisconsin winters, uses thermal cables to create innovative holding cabinets. Halo Heat® debuts at the 1968 National Restaurant Association Show.

### 1990s

Evolving into a forward-thinking company that offers complete kitchen systems results in dramatic growth and expansion, performing installations everywhere, from cruise lines to Antarctica.

### 1970s

What began as an experiment with the overnight cooking of prime rib leads to the creation of an entirely new category of commercial kitchen equipment: **Cook & Hold ovens with exclusive Halo Heat® technology.**

### 2010s

Recognizing the industrychanging potential of Structured Air Technology®, Alto-Shaam partners with Phil McKee, founder and CEO of Appliance Innovation, to develop the revolutionary line of **Vector® Multi-Cook Ovens.**

### 1980s

Seeing a growing need for modern kitchens to become ever more versatile and efficient, Alto-Shaam fills that need with the groundbreaking **Combitherm® oven.**

### 2020s

Alto-Shaam introduces Vector® Multi-Cook Ovens, Cook & Hold Ovens and Smoker Ovens with a new enhanced design, advanced control and a cloud-based remote oven management system, **ChefLinc™.**

# Combi Oven Accessories

Combining multiple cooking functions into a single appliance, Combitherm® ovens keep up with kitchen demand by providing efficient and consistent food production. An indispensable centerpiece of the kitchen, these ovens do the work of a convection oven, grill, steamer, fryer, smoker and more. Make the most of your oven investment and meet the needs of your foodservice operation—and your customers—with a variety of accessories. From pans to cleaning supplies to stacking kits, stands and more, we've got you covered.

## Cleaning

Protect your investment with regular cleaning. From sprays to tablets to brushes, we have what you need to properly care for your equipment, ensure high-quality cooking results, keep employees safe and extend equipment lifetime.
